College Philosophy

The positive, motivated environment at St.Oran's College aims to instill in each pupil a confident, enthusiastic approach to academic studies and all other aspects of living. Our emphasis is on providing a first-class education and our organisation and structure allows for the maximum personal development of each girl. Within a caring atmosphere based upon Christian values, each girl is encouraged to develop effective study strategies, and with balanced use of her time and talents, to become a positive, tolerant, responsible member of the community.

- Self Esteem** - Each girl should leave this college with confidence in her own self-worth.
- Academic Growth** - Students are encouraged to extend their abilities to the full, gaining qualifications appropriate to their personal goals. Independent study habits are emphasized.
- Social Awareness** - We recognise the need to live and work in harmony, and with tolerance with people of different ages, backgrounds, interests and cultures. An understanding of the needs of others is encouraged.
- Spiritual Growth** - Christian values are fostered through Bible readings and prayers in assembly and weekly Christian Studies classes. Students are encouraged to apply these principles in their relationships with others.
- Responsibility** - Students are given opportunities to develop an attitude of responsibility; in Year 12 & 13, students are able to take an active role in College leadership.
- Life Skills** - We encourage physical fitness, and healthy living. When a student leaves St. Oran's College she should have the ability and the desire to continue independent learning and the confidence to make a positive contribution to her community.
- Recreation** - We provide opportunities for students to become involved in music, drama, art and sporting activities.
- Environment** - Students are encouraged to appreciate and respect the environment.

- Community** - We place importance on the involvement of the school in the community, realising the benefit both can gain from this contact. Special emphasis is given to linking with elderly folk in many ways, and annually the girls entertain senior citizens from local Presbyterian homes.
- Homework policy** - The development of effective study habits is an important aspect of academic life at St.Oran's College. For this reason, homework is set in most subjects each night.

Please read these guidelines carefully. **St. Oran's College welcomes students who follow these guidelines.**

Attendance at School

The school expects students to attend all their classes on time. If a student's attendance is unsatisfactory she will be warned in writing and may be asked to leave.

Joining a club, learning a musical instrument or playing a sport

The school encourages international students to participate in at least one activity.

Work Attitude and Achievement

We believe that all students must work to their full potential. When the attitude and achievement of students does not show this, then guidance will be given to the student to assist them to achieve their goals and clarify the reasons for them being in New Zealand.

Additional Information

Orientation Handbook

All International Students will be taken through the school's orientation programme and be given an Orientation Handbook. This handbook will be completed with the assistance of a St Oran's staff member. The handbook will help to ensure that the student is aware of who to contact if they have a question.

Reports

Copies of reports are given to the girls and sent to parents' agents or schools, where appropriate. We expect them to forward these on to their parents. Homestay parents are encouraged to take an interest in their students' progress.

Holidays away

When a homestay student goes away for less than three days - to travel, visit family etc, no reduction in homestay payments will be made. If the international student is away for more than three days a room holding fee of half a week's payment will be made to the homestay parents in lieu of full payment.

Students are not allowed to hitchhike or accept rides in vehicles with other students under 19 years of age.

Attendance at school

Homestay parents/guardians/counselors are to inform the school on the day of absence if a student is unable to attend for any reason. On returning to school, students must bring a written note of explanation for the absence, signed by the homestay parent. If they have been absent for a three days or more they need a doctor's certificate.

Changing homes

Sometimes, for various reasons, it is necessary to change accommodation for the student. The school would prefer that there is two weeks' notice in advance from the host parent or student.

When the homestay family is away for the weekend or on a holiday, alternative accommodation can be arranged for the student, if required. The student is not allowed to remain in the home overnight during this time.

Emergency

If a student has an accident, Homestay parents are to contact the Homestay Co-ordinator. We will contact the student's family and assist with the problem as required.

Cars

Students are not permitted to own or drive a vehicle while attending St. Oran's College.

Money

The College appreciates homestay parents monitoring the amount of money that a student spends. We are happy to write to parents about this if spending seems extravagant.

Where at any time a foreign student withdraws from a subject, course or programme at a state school, the Board may refund to the person who paid (in respect of the student's enrolment in the subject, course or programme) the amount of the fees paid (or the sum of any instalments paid in respect of those fees) any amount it thinks appropriate not exceeding the extent (if any) by which the amount paid exceeds the sum of the following amounts.

- The Board's best estimate of the cost to the Board (including the appropriate proportion of the Board's administrative and other general costs and the appropriate proportion of any initial or start-up costs of the subject, course or programme) of providing tuition in the subject, course or programme for one student up to that time
- An amount that is, in the Board's opinion, an appropriate reflection of the use made by one student receiving tuition in the subject, course or programme of the Board's capital facilities
- The appropriate proportion of the amount (if any) prescribed under section 4D of this Act for a student receiving tuition at a state school in the subject, course or programme
- All other fees (if any) prescribed by the Board

In order to be eligible for any refund the student must apply in writing to the Principal setting out the special circumstances of the claim.

In arriving at their decision, the Principal will take into consideration the special circumstances of the withdrawing student and consider:

- Costs already incurred by the College
- The salaries of the teachers and support staff and any other components of the fee already committed for the duration of the course
- An amount which covers use of the facilities and resources to date of withdrawal
- Any refund of the foreign student's fee from the government

Except in exceptional circumstances, no refund is payable to a student who withdraws in the second half of the course. In the case of a full year student, the second half of the course commences on the first school day in July after the holiday break.
